

Something to Wonder Upon

Words and music by Peter Brunette

1.

D D7 G Em
Long may the Earth go on tracing
A7 D Bm
A ring round her bright yellow star.
Em A7 D Bm
Long may the moon make the young lovers swoon
G Em A7
With the magic she wields from afar.
D D7 G Em
Long may the deer in the meadow
A7 D Bm
Suckle her winsome new fawn,
Em A7 D Bm
Leaving the wild, open heart of a child
Em A7 D
With something to wonder upon.

2.

D D7 G Em
Long may the waves and the tempests
A7 D Bm
Batter a bare, lonely shore.
Em A7 D Bm
Long may the sound of the thunder resound,
G Em A7
And long may the bald eagle soar.
D D7 G Em
Long may the stouthearted salmon
A7 D Bm
Follow the rivers to spawn,
Em A7 D Bm
Leaving the wild, open heart of a child
Em A7 D
With something to wonder upon.

3.

D D7 G Em
Long may the chill breath of autumn
A7 D Bm
Turn all the green leaves to gold.

Em A7 D Bm
Long may the word of the poet be heard
 G Em A7
And the grandmother's stories be told.
D D7 G
Long may the snow on the mountain
A7 D Bm
Capture the blush of the dawn,
Em A7 D Bm
Leaving the wild, open heart of a child
 Em A7 D
With something to wonder upon.

ENDING:

D D7 G
Long may the snow on the mountain
A7 D Bm
Capture the blush of the dawn,
Em A7 D Bm
Leaving the wild, open heart of a child
 Em A7 D
With something to wonder upon.
